# Storytelling in Primary CLIL

03rd June 2022

This conference will explore the **potential of storytelling in CLIL at primary school level** from a variety of perspectives.

Focus is on stories as resources that **link foreign language teaching to the teaching of** contents and methods of non-linguistic subjects such as **music, science, art or mathematics**.

It will bring together **researchers, lectures and practitioners** from different European countries. Research findings will be presented, experience in the field will be shared. The **keynotes** will be followed by **workshops** the participants can choose from.

There will be breakouts with optional **socialising and networking** as well as the opportunity to see the **publishers' exhibition**.

# Programme

<b>08:00</b>	<b>GET IN &amp; REGISTRATION</b>
